

SENT ON 05/07/2024

DEAR PARENT/GUARDIAN OF LEE'S SUMMIT STUDENT –

As you and your student are looking forward to a new school year in the fall, you have a lot of things on your list! We want to help you take care of one of the things on your list. If your student is entering 8th or 12th grade, they may be due for routine immunizations.

You can [use this link](#) to review the list of immunizations required for school.

- **Most 8th grade students will need:** Tdap and MCV4. HPV is also highly recommended at this age.
- **Most 12th grade students will need:** MCV4. MenB and HPV are also highly recommended at this age.

We will be coming to your school district to offer these vaccines for your convenience. Any middle and high school student in the district is welcome to utilize this clinic. Please use the following link to sign up your student **no later than May 24th, 2024 at 8:00 AM:**

- [Clinic at Lee's Summit High School](#) – Thursday, May 30th, 2024

Note: you do not have to be present with your student at the time of vaccination.

If this date and time will not work for your student, please sign up for an appointment at our office [using this link](#). We strongly encourage you to get these vaccines prior to July to avoid the back-to-school rush and longer wait times.

Thank you for this opportunity to provide this important protection for your student.

Sincerely,

Amanda Fontaine
